

— A SHORT BRIEF FROM ESTEEMED

Imagine all of your HCM pros working at the level of your best.

AI-native for HR, recruiters, and People Ops — built around your firm's current systems and operations. When you need extra help or specialist expertise, engage one of hundreds of vetted HCM pros from our Colleagues network.

THE MOAT

Your firm's playbook becomes the model.

HCMGPT features twenty-six **deep areas of HCM domain expertise** for every team member — staffing recruiting, compliance, payroll, performance, the rest. At the **Enterprise tier**, your firm trains a **private model on your own data**: your submissions, your win notes, your voice, your way of working.

Your competitors can buy a generic AI. They cannot buy **yours**.

— THREE MODES · IN THE HANDS OF AN HCM PRO

Chat. Assist. Connect.

Three modes, one interface — each one a different lever on an HCM pro's day. Every mode runs on the same twenty-six areas of deep HCM expertise, with your firm's private model on top at Enterprise.

Chat

Conversational guidance.

EVERY PLAN

Ask anything. Answers come from the right specialized model for the question — not a generic LLM guessing.

"What's the OT rule for a 1099 contractor on a 1.6 spread in CA?"

hr.compliance · hr.payroll

"Draft a 30/60/90 for a senior IT staffing recruiter."

recruiting.staffing

"What's a fair bill rate for a SOC analyst in Tampa?"

recruiting.staffing · talent.compensation

Assist

Agentic execution.

PRO & ABOVE

Multi-step workflows. Tell it the outcome you want, get back staged work for review — drafts, outreach, files, browser actions.

"Source 20 candidates for this req and queue outreach."

browses · drafts · queues in TRM

"Build a submission packet for these 5 candidates."

JD match · resume rewrite · cover

"Audit our handbook against CA & NY 2026 law."

scans files · flags gaps · cites sources

Grounded in your stack.

PRO+ & ABOVE

Answers anchored in your actual data — your ATS, your TRM, your shared docs, your payroll. No more "based on general industry practice."

"Who in our ATS has placed a CISO before?"

queries placements · ranks fits

"Pull every active req in the Midwest banking vertical."

live ATS read

"What's our average spread on RPO accounts this quarter?"

analytics across deals

Let's stand up a pilot together.

A 30-day design partnership: co-led by our team and yours, scoped to your stack, focused on a measurable win.
